

IEEE 2014 CQR
Emerging Technology Reliability Roundtable
Wireless/Mobility Network

David Lu
AT&T

VP - Business Network & Corporate Solution IT
david.lu@att.com

Tucson, Arizona
May 12, 2014

Discussion Outline

- RAN Optimization & SON
- Small Cell Deployment and Coverage
- User Experience & Network Performance Correlation
- Big Data Analytics for ETE Trouble Isolation and Preventive Maintenance
- ETE Service Management
- LTE QoS and Monetization
